

# Gaku-DoNews

Holly

KIS is getting spooky this month as Halloween approaches! 🦇 Do you have your costumes yet? I can't wait to see what characters turn up this year! 🦋

## Grand Championship!

Everyone worked so hard to prepare for the Speech Championship – so much practicing. Everybody improved so much – well done!

The winners deserve an extra special 'congratulations'... you earned it! "Great job!"

## SCIENCE

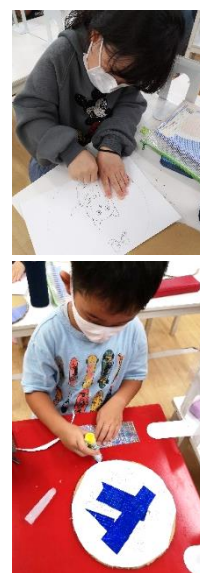

What can we see? In our lesson on light and color we looked at how light changes when hitting water and a mirror.

In this experiment, we discovered that we can create a rainbow by the reflection going in and refraction coming out!

## Music Class

We made our own drums using household objects and gave them unique designs! There were so many great ideas as the students drew their favourite things, including snails with mustaches, pretty hearts, anime characters and interesting insects. We will learn how to read drum rhythm notes and practice playing them as a class on our newly made instruments!

## Welcome To KIS

Hello!  
My name is Yu!!  
Nice to meet you!

## Discussion Class

We've moved on to 'Seasons' for the next topic – covering our favorite season, why; and finding out what our classmates think, too. What's your favorite season and why?

## Art Class

Let's make a 3D jack-o-lantern! If you want to make one using a real pumpkin, cut the top off, take out the insides and carve your design. Then, put in a candle and put it outside the house. Which spooky character will you choose?

YUMA

NANAKO

## Grammar Lesson

We had a lesson about 'Irregular Plural Nouns'. Usually, we put just -s for plural words but sometimes we have irregular words such as wolf, wife, mouse and foot... Let's keep using them and remember!

## Congratulations!
