SPRING SCHOOL SPEECH CONTEST
-Volunteering in America-

<MISSION 1>

Hello, my name is _____. I will talk about volunteering in America. Many people like to give their time to help others! You can help other people, animals, or even nature! Let's volunteer to help each other and make the world a better place. Thank you very much!

<MISSION 2>

Good morning/afternoon. My name is _____. Today, I will be talking about volunteering. Volunteering is when you give your time to help others. In America, you can volunteer to help other people, animals, the environment, or even at big community events. Volunteering is fun because you can learn a lot while helping the community. I would like to volunteer to/at _____. Thank you very much.

<MISSION 3>

Volunteering is an individual or group voluntarily giving their time and labor to service their community for free.

Good morning/afternoon, my name is _____. How can we volunteer?

Some examples of volunteering in America are helping to walk dogs at an animal shelter, preparing and serving food to those less fortunate, picking up litter around town, and planting flowers and vegetables at a community garden.

Some choose to volunteer in their home country, while others volunteer abroad. Many non-profit organizations rely on volunteers to accomplish their day-to-day objectives and achieve their long-term goals for charity.

Why do people volunteer? Some say the key to a life of purpose is taking the time to help others every day. Volunteering your time to help others connects you to a cause far greater than yourself – the goal of creating a better future for everyone.

I would like to volunteer to/at _____, because _____. What would you like to do to help others?

Whether you volunteer to help out at an animal shelter, clean up your local area, or take care of the people around you, it's a win-win situation. This is because when your efforts go towards making society better for all of us, we all feel better. Thank you very much.
