E-Sports Event Speech Contest

Mission 1

Hello, my name is _____. I will talk about my hobby today. In my free time, I like to _____. Hobbies are important because they give us something fun to do in our spare time! What is your hobby? Thank you very much!

Mission 2

Good afternoon. My name is _____. I would like to talk to you about e-sports. “Electronic-sports” are video games that are played in competitions. There are many e-sports teams around the world, and these e-sports teams have athletes or professionals that are similar to normal sports athletes. They practice a lot so that they can play well in their matches and compete for money and other prizes. You can even watch some of the biggest matches live on the internet! My favorite game is _____. Thank you very much.

Mission 3

Good afternoon. My name is _____. Today, I would like to talk about e-sports. E-sports are “electronic sports”, such as video games, that are played in a form of competition for prizes like money or other rewards. The e-sports industry is growing and becoming more popular around the world as video games and technology have developed greatly in recent years. E-sports require a high level of critical thinking and problem solving. E-sports athletes must have good teamwork and communication in order to play well together as a team. E-sports teach us that if we want to achieve our goals, we have to work and practice hard for it. At the moment, my favorite game to play is _____. I like it because _____. As more people learn about e-sports the community continues to grow. This allows us to further connect everyone to the world. Thank you for listening to my speech.
