Mission 3

Good day everyone! My name is _____.
What's the first word you think of when I say "Christmas"? Christmas is most associated with presents. Our eyes light up at just the thought of unwrapping that beautifully wrapped gift on Christmas day. You must all know that feeling, right?
However, the true essence of Christmas is much more than the decorations, gifts, and music, it's about the feeling we create together. We see sparkling lights and hear joyful carols, but the real magic of Christmas comes from kindness.
When we share, help, and care for one another, we build a Christmas spirit that shines brighter than any light. It reminds us that even small actions like, a kind word, a smile, or helping a friend, can make someone's day brighter.
_____. (Insert your own line for extra points)
Christmas teaches us that the best gifts are not the ones wrapped in glossy bright paper, but the gifts of love, joy, and kindness we show each other.
_____. (Insert your own line for extra points)
So this Christmas, let's all be gifts to the world by spreading kindness wherever we go.
Merry Christmas!
